1.2 Login

Click “Login” to log in to an existing account.

Fill in the required information and click “Login” to complete the login.

Or, swipe down to return to the previous page.

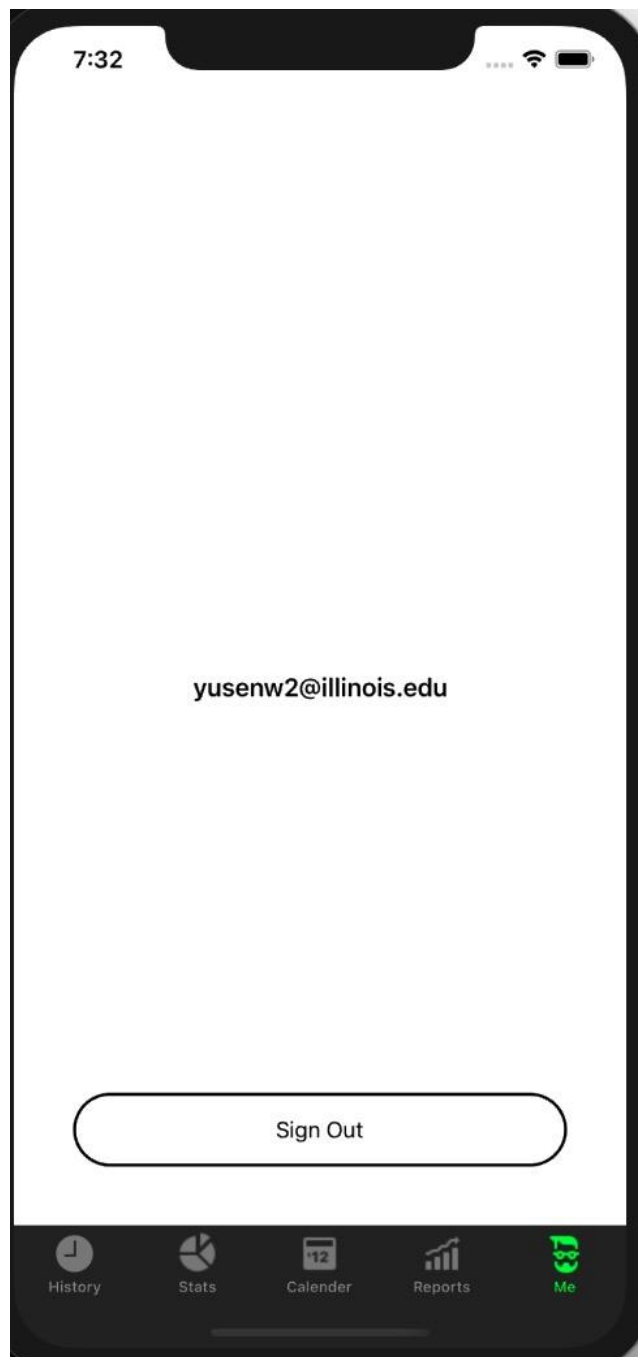

A mobile application login screen. At the top, a status bar shows the time 7:33, signal strength, and battery level. Below the status bar is a white login card with rounded corners. The card contains two text input fields: the first is labeled "Email" and the second is labeled "Password". Both fields have a green underline. Below the password field is a green rounded rectangular button with the text "Login" in white. The background of the phone screen is black, and a home indicator bar is visible at the bottom.

2.Navigation Bar

There are 5 types of categories where user can click them and navigate to corresponding screen

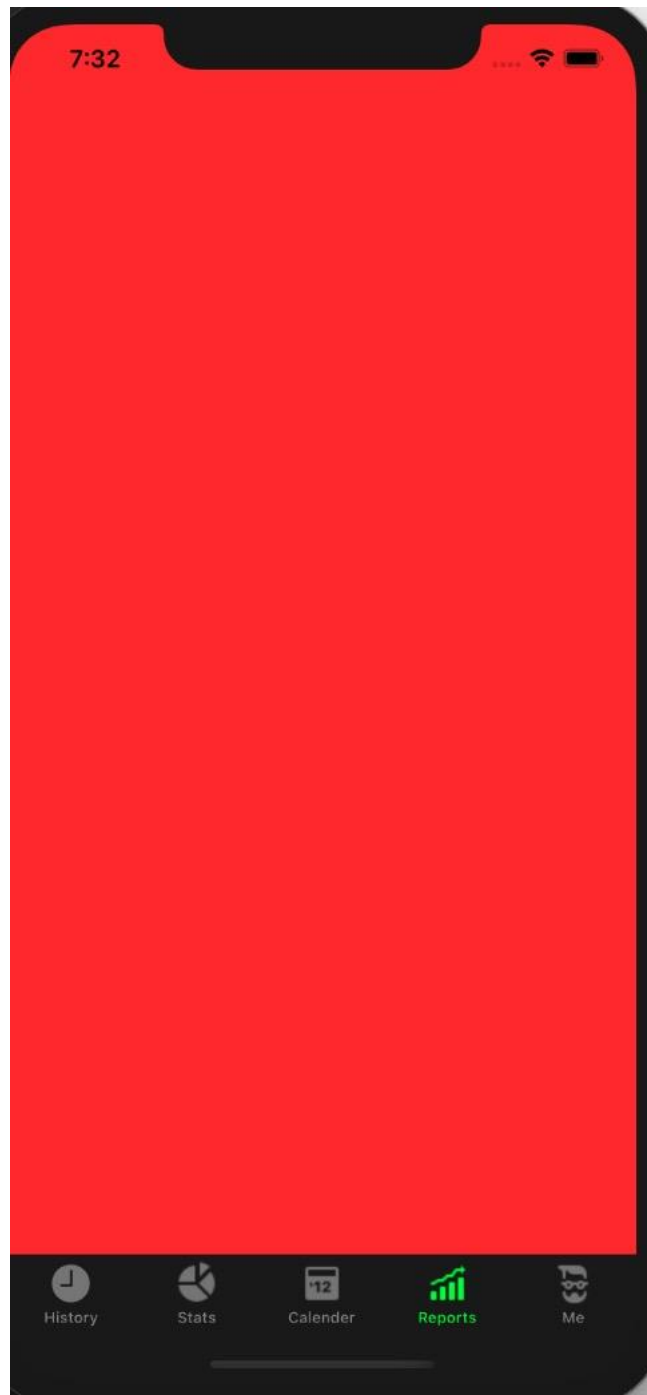

2.1 Me

Click “Me” to show the signed user account and the user can choose to sign out by clicking “Sign Out”.

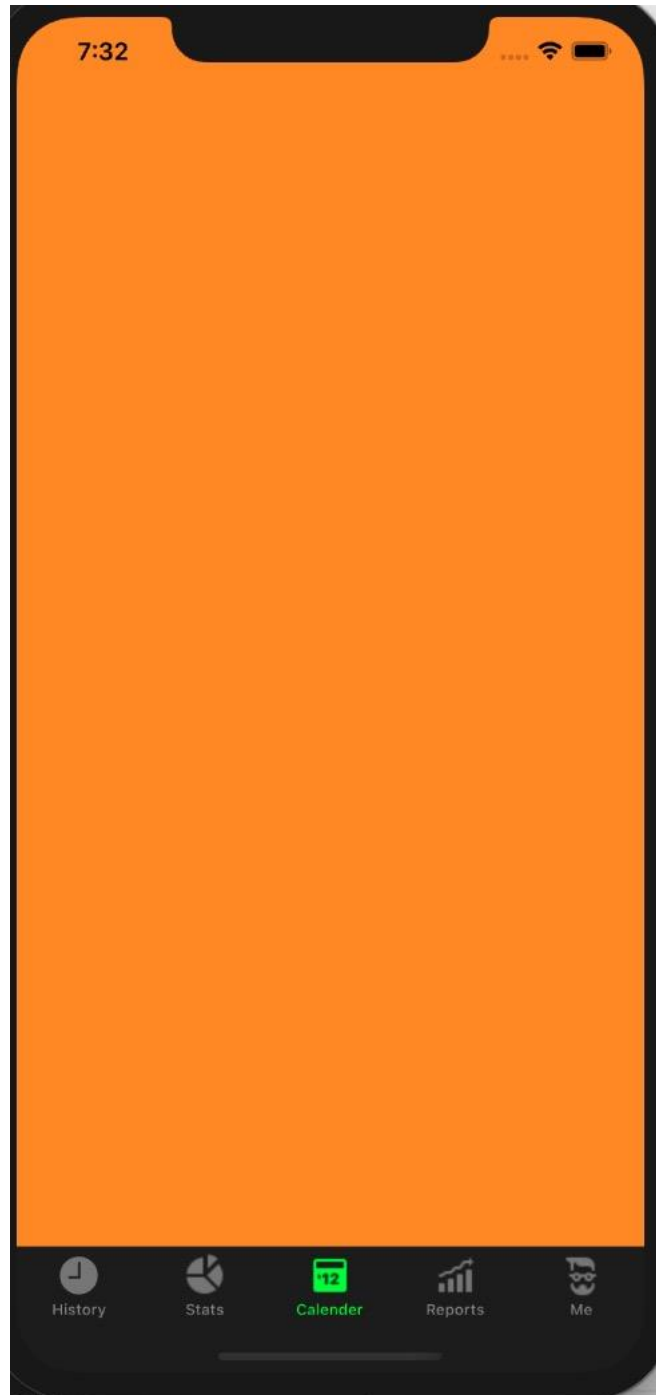

2.2 Reports

Click “Reports” to show the reports generated from existing records.

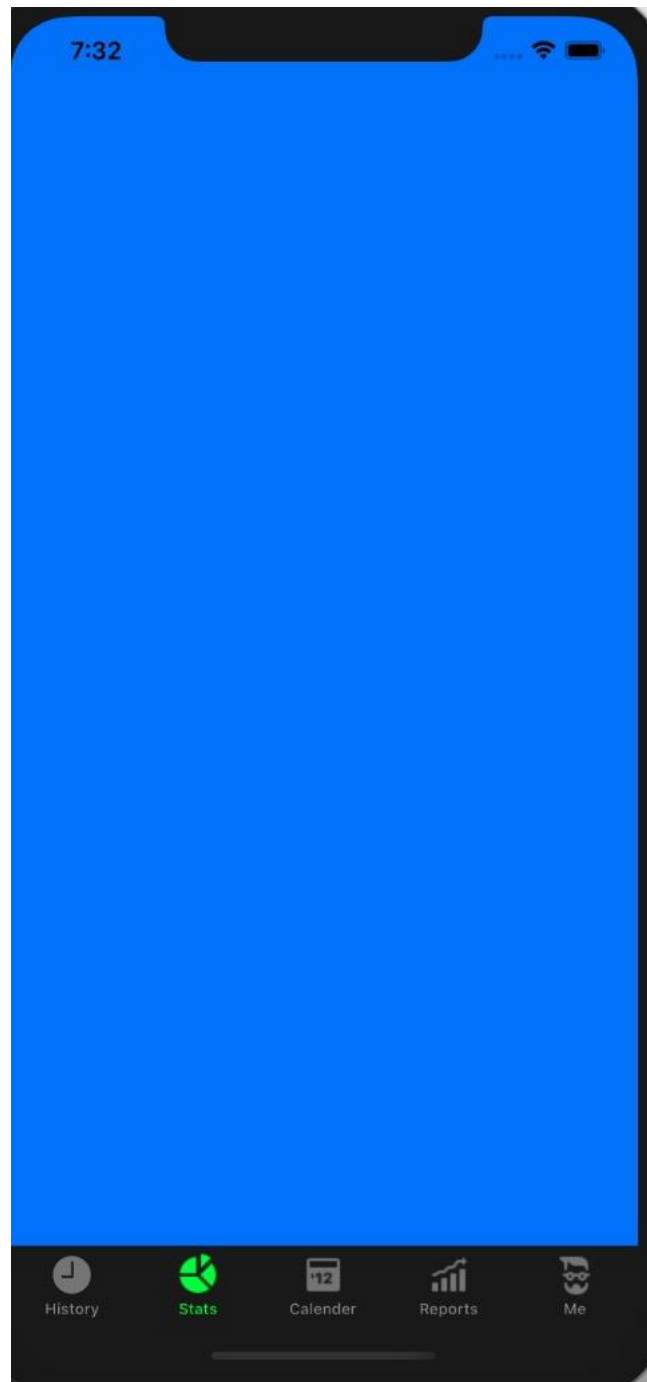

2.3 Calendar

Click “Calendar” to show the corresponding schedule for the existing records.

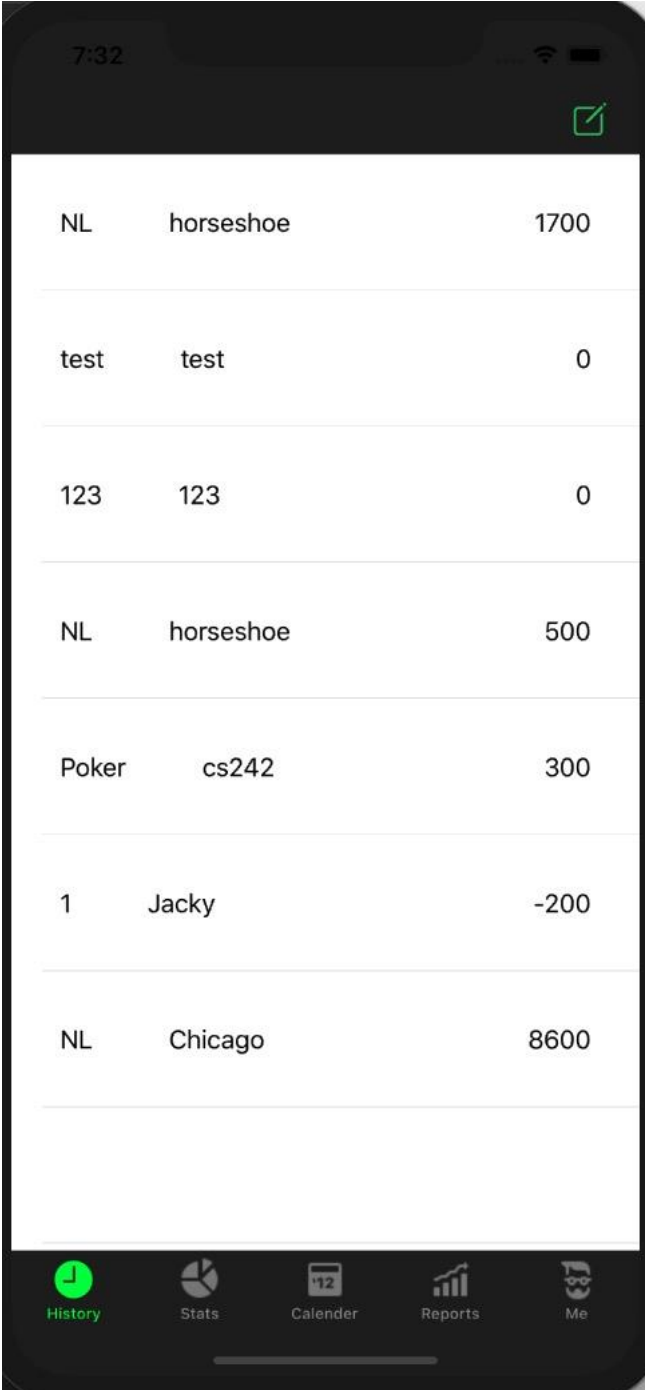

2.4 Stats

Click “Stats” to show the statistical analysis results based on available records.

2.5 History

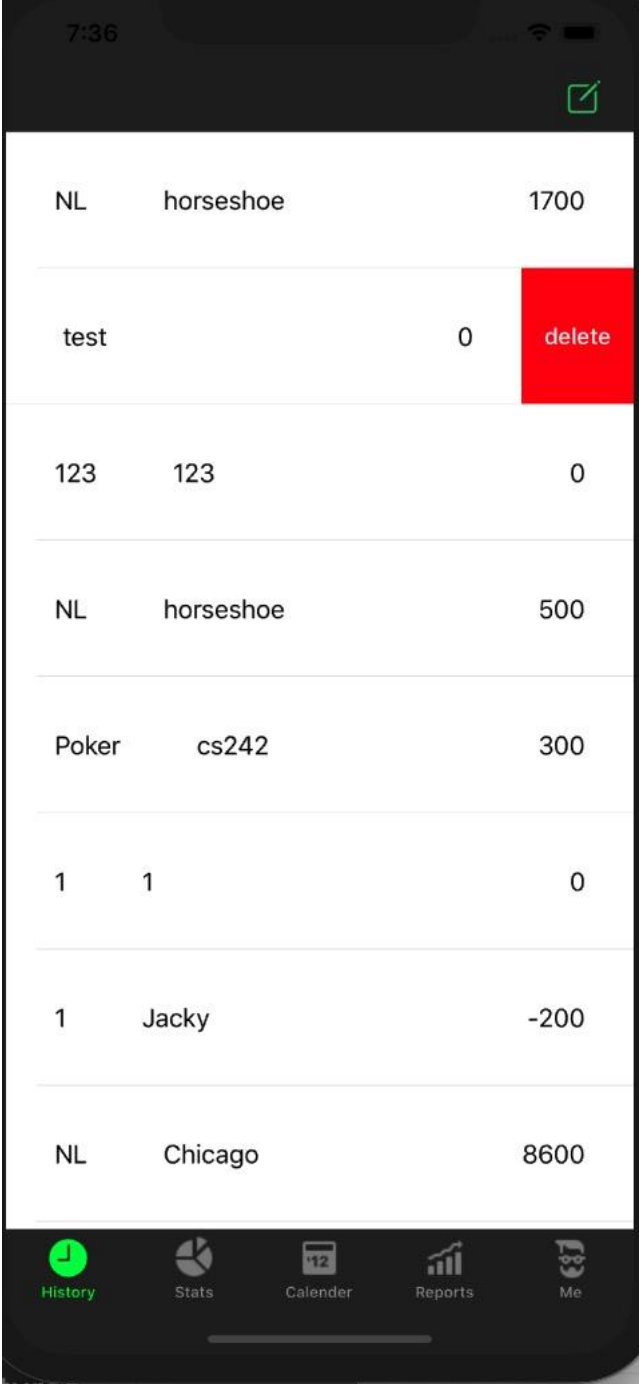

Click “History” to view the existing records.

The screenshot shows a mobile application interface with a dark theme. At the top, the status bar displays the time 7:32, signal strength, and battery level. A green checkmark icon is visible in the top right corner of the app's header. The main content area displays a table with 7 rows of data. The bottom navigation bar contains five icons: a green clock icon labeled 'History', a pie chart icon labeled 'Stats', a calendar icon labeled 'Calender', a bar chart icon labeled 'Reports', and a person icon labeled 'Me'.

NL	horseshoe	1700
test	test	0
